Was the decision document "re-shared?" Debra took it down last night. I will check.

Document is clean. I have signed.

Thanks Lindsey. I think the memo is looking good. There are a few last edits in the summary to accept. Also, we should go back to the decision document and look at our sections to crosscheck our edits/changes. Thanks all!

Thanks Hope. Status update: I've accepted edits throughout the methodology and results sections. Also cleaned up the summary, intro, and conclusions where I felt that the conversation had been resolved and reviewed the new paragraph in the conclusion.

Hi Team-

A few items from the IO to address, and then general document tracking clean up and signatures needed. Let's aim to try to get this signed by 11am, but if you run into issues keep us updated. If you need a meeting to discuss anything please schedule.

Thank you!!!

Hope

Thanks for the opportunity to review the document – you all have done a very thorough job on this. Good work!

I have added a few comments in the doc for you to consider. Let me know if you have any questions about any of my comments.

Thanks,
Neil
